

PREVENTION MAKES GOOD HEALTH POSSIBLE

We cover the preventive services listed on this flier, with no copayment, coinsurance, or deductible, in the following types of commercial (non-Medicare) health plans with plan years that begin on or after January 1, 2014:

- all individual and family plans, except grandfathered plans¹
- all small group plans
- all large group plans other than grandfathered plans¹ and retiree-only plans
- all grandfathered¹ and retiree-only large group plans that choose to add this benefit

For more information, see your *Evidence of Coverage* or talk to your employer's benefits administrator.

 - inactivated poliovirus
 - influenza
 - measles, mumps, rubella

- meningococcal (meningitis)
- pneumococcal
- rotavirus
- varicella
- lead screening (for children at risk of exposure)
- medical history (throughout development)
- oral health risk assessments by primary care physician (young children)
- over-the-counter drugs when prescribed by your doctor for preventive purposes:
 - iron supplements for children to reduce the risk of anemia
 - oral fluoride for children to reduce the risk of tooth decay
- phenylketonuria screening (newborns)
- tuberculin testing (for children at higher risk of tuberculosis)
- vision screening

State- or region-mandated services

For health plans issued in one of these states, the services listed for that state are also included.

California

- family planning visits
- first postpartum visits³
- health education
- routine hearing examinations
- routine vision examinations³
- scheduled prenatal visits
- travel immunizations

Colorado

- breast cancer screening for all at-risk individuals regardless of age
- colon cancer screening for all at-risk individuals regardless of age

Georgia

- ovarian cancer surveillance test for women over 35 or at risk

Maryland

- labs and X-rays associated with well-child visits
- routine hearing examinations (screenings for newborns)

Oregon

- scheduled prenatal visits and first postpartum visits

Virginia

- labs and X-rays associated with well-child visits
- routine hearing examinations (screenings for newborns)

Washington

- scheduled prenatal visits and first postpartum visits

Washington, D.C.

- labs and X-rays associated with well-child visits
- routine hearing examinations (screenings for newborns)

¹Grandfathered plans are plans that have been in existence since on or before March 23, 2010 and that meet certain requirements. Grandfathered plans are exempt from some of the changes required under the Affordable Care Act.

²Some employer groups are not required to cover these services. For more information, see your *Evidence of Coverage* or talk to your employer's benefits administrator.

³California health savings account-compliant plans do not cover postpartum visits and routine vision examinations without a copayment, coinsurance, or deductible.

The required preventive services are based on recommendations by the United States Preventive Services Task Force, the Health Resources and Services Administration, and the Centers for Disease Control and Prevention. The services listed in this document may be subject to certain guidelines, such as age and frequency. They may be subject to cost sharing if they are not provided in accord with these guidelines.
