
 The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is **only a summary**. For more information about your coverage, or to get a copy of the complete terms of coverage, [insert contact information]. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms see the Glossary. You can view the Glossary [here](#).

Important Questions	Answers	Why This Matters:
What is the overall <a href="#">deductible</a> ?	In-Network: Individual <b>\$2,600</b> / Family <b>\$5,200</b> . Out-of-Network: Individual <b>\$5,000</b> / Family <b>\$10,000</b> . Does not apply to preventive care in-network.	You must pay all the costs up to the <a href="#">deductible</a> amount before this plan begins to pay for covered services you use. This plan's deductible year starts July 1. See the chart starting on page 2 for how much you pay for covered services after you meet the <a href="#">deductible</a> .
Are there services covered before you meet your <a href="#">deductible</a> ?	Yes. Preventive care services are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at <a href="https://www.healthcare.gov/coverage/preventive-care-benefits/">https://www.healthcare.gov/coverage/preventive-care-benefits/</a> .
Are there other <a href="#">deductibles</a> for specific services?	No.	You don't have to meet <a href="#">deductibles</a> for specific services, but see the chart starting on page 2 for other costs for services this plan covers.
What is the <a href="#">out-of-pocket limit</a> for this <a href="#">plan</a> ?	In-Network: Individual <b>\$6,350</b> / Family <b>\$12,700</b> . Out-of-Network: Individual <b>\$12,700</b> / Family <b>25,400</b> .	The <a href="#">out-of-pocket limit</a> is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the <a href="#">out-of-pocket limit</a> ?	Premiums, balance-billed charges, penalties for failure to obtain pre-authorization for services and health care this plan does not cover.	Even though you pay these expenses, they don't count toward the <a href="#">out-of-pocket limit</a> .
Will you pay less if you use a <a href="#">network provider</a> ?	Yes. For a list of in-network <a href="#">providers</a> , see <a href="http://www.aetna.com">www.aetna.com</a> or call 1-800-589-4811.	You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network <a href="#">provider</a> for some services (such as lab work). Check with your provider before you get services.
Do you need a <a href="#">referral</a> to see a <a href="#">specialist</a> ?	No.	You can see the specialist you choose without permission from this plan.

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
