2017 Flu Shot Details

Here's information on how to identify a flu shot provider location near you, along with plan coverage details.

In addition, if you are covered by a Toys“R”Us medical plan (Aetna, Kaiser or Triple-S Salud), you may receive the flu shot at no out-of-pocket cost.

Aetna Medical Coverage:

If you have Aetna medical coverage, you and your covered dependents can receive the flu shot at any of Aetna's contracted pharmacies or flu vaccine providers-see listing below. This information can also be found [aetna.com \(http://www.aetna.com/\)](http://www.aetna.com/) under "Find a Doctor" and then search for "Flu Shot Provider." This brings up the links for the providers and will assist you in finding nearby locations.

You may also go your In-Network participating Primary Care Physician (PCP) for the vaccination. (NOTE: Members who go to an Out-of-Network PCP will be subject to the deductible and/or co-insurance).

When receiving the flu shot, don't forget to provide your Aetna ID card so that services can be billed directly through Aetna.

Kaiser Medical Coverage:

If you have Kaiser medical coverage, you and your covered dependents can visit the Kaiser Permanente website, available at [kp.org/flu \(https://www.kp.org/flu\)](https://www.kp.org/flu), to access detailed information regarding walk-in flu shot locations in your region, valuable self-care flu information, and more.

When receiving your shot, don't forget to bring your Kaiser Permanente membership card and a photo ID. In both California and Hawaii, flu shots are available at no charge to members when administered at a Kaiser Permanente medical facility.

Triple-S Salud Members:

Flu shots for Triple-S Salud covered team members and covered dependents may be administered at no charge at participating providers. Call the plan at 1-787-774-6072 or 1-787-774-6060 for more details.
